Bring Your Team Together: UN Global Compact's Leaders Summit

15–16 June 2020

Dear Jesus Rivas,

Tecana American University employees and staff are invited to attend the **United Nations Global Compact 20th anniversary Leaders Summit** as complimentary guests on 15 and 16 June.

This year's Leaders Summit will virtually convene leading voices from business, government, civil society and the UN to kick-start a global conversation about how we build more inclusive economies and societies in a post-COVID world — to set a new course for a socially just, low-carbon and climate resilient world where no one is left behind.

Designed to be bigger, bolder and more inclusive, **we encourage all UN Global Compact Participants and Signatories to invite their entire organization to come together for one day to inspire, learn and contribute to the strong recovery the world needs.** Share this invitation with your team and **register now.**
